Letter to the editor

Ajo: Let's work together

Editor:

As a gateway to the Organ Pipe Cactus National Monument, the Sonoran Desert and the most touristy route to Mexico, Ajo plays a key role in promoting our economy as one of Pima County's unique communities. It's origins as a copper mining community built by a private corporation has been a blessing, although at times it has presented some unique challenges when it comes to applying zoning and building code requirements such as allowed uses, setbacks, and landscape bufferyard requirements. Ajo does not fit the typical land use and permitting mold; it is unique and we plan to keep it that way.

Over the last 10 years, I have convened various Pima County agencies to meet with Ajo community leaders on a quarterly basis to identify opportunities to reduce hurdles for small businesses. Some regulation will always apply, particularly for commercial projects due to public safety demands, however much improvement has occurred as a result of strong community input. Pima County Development Services is the coordinating department for residential and commercial projects. In this role, they coordinate with other County agencies on things like food establishment permits, utilities, drainage, and transportation access.

In a recent *Ajo Copper News* article, a resident enumerated some difficulties encountered with Pima County permitting. Without going into the specifics of that project, I can state that over the years, we have streamlined processes for businesses to lessen the regulatory burden while ensuring public safety.

Today, a small business, other than restaurants requiring Health Department approval, can move into an existing building that was used for a similar purpose with only a zoning use permit, if there are no improvements being made to the building. If the building use changes or building improvements are needed, site and building plans are required; these are reviewed within 5 business days.

Vacant commercial lots may be used for outdoor commercial activities when the proposed use is allowed in the commercial zone. A zoning use permit is required in these situations and can be processed through email or by mail. If a structure will be erected, site and building plans are required, and are subject to federal Americans with Disabilities Act requirements such as bathrooms and parking areas.

As a service to the Ajo business community, Tom Drzazgowski is the contact to assist customers. Tom can be reached at 520-740-6675 or *thomas.drzazgowski@pima.gov*. The Pima County Development Services website, *www.dsd.pima.gov*, also has a section to guide businesses.

Looking ahead, we have an opportunity to further promote business development in Ajo through the Pima County Comprehensive Plan. An update to the Plan will kick off in early 2013. I welcome your participation in the Comprehensive Plan update, and future quarterly business meetings, to help develop strategies that reflect Ajo's distinct land use opportunities and facilitate future residential and commercial growth.

Development class at DSCHC is free for fathers

A free class about how fathers contribute to the development of their babies' brains is being offered for fathers of young children through age 5.

The class is called Brain Waves: The Mechanics of Early Childhood Development; a Training for Fathers. It will take place at the Desert Senita Community Health Center on Saturday, October 6, from 9 a.m. to 1 p.m.

Registration for the class is requested and may be done by calling To register, contact Goli Mostoufi at DSCHC, 387-5388, or e-mail *gmostoufi@ajochc.org*.

Dr. Daniel McDonald points out that there are critical periods in human development when specific learning must occur, otherwise the ability to acquire it properly will pass. This window of opportunity occurs in early childhood and it is up to the caregivers to nurture the child appropriately to allow for optimal development. He notes that fathers, along with mothers, are the child's first teachers.

McDonald is Area Associate Agent/Associate Regional Specialist for Pima County Cooperative Extension, Family and Consumer Sciences at The University of Arizona.

Sponsors of the class are Pima County Cooperative Extension, DSCHC, First Things First, and United Way.

Security has become more ... well, *secure* at the Pima County Justice Court in Ajo since early August when a new scanner system was installed at the entrance. Bob Harral, judicial security officer, shows off the new equipment, which all visitors, save judges, public safety officials, and sworn officers of the court, must pass through to visit other offices on both floors. The only public exception is for those paying fines and judgments at the entryway window. Another security officer will be hired to ensure coverage throughout the day, said Yvette Montijo. Harral said the public response has been positive.

Letter to the editor

They're not "ISDA's plans"

Editor:

All this anger at "ISDA's plans" to change the plaza is pretty strange. There are no ISDA plans to change the Plaza!

All year ISDA has been creating opportunities for Ajo residents (and alums) to talk about the Plaza with architects and make it clear whether they want to see any changes and if so what. Now ISDA is asking residents and alums to respond to the ideas the architects have suggested based on those meetings with the community.

ISDA is not proposing these ideas for change and does not endorse them. Just like other members of the Ajo community, ISDA board and staff are responding to this document. We encourage and welcome everyone's response.

The architects will take all the comments, re-work their ideas, and produce another document which will also be available for review. When the process is done, we will have the architects' best ideas for the whole town center.

We may like the ideas, or not. That's it. ISDA has no funds or plans to do anything further.

Of course we hope the final document will include some suggestions that the community both likes and finds a way to implement over the next 50 years.

Here's a simple example: if you agree that there should be palm trees in the Plaza for the next 50 years, then we could sure

use a plan where to plant some young ones sooner rather than later — so they get some height before all the tall ones snap and die. It's not as easy as you'd think — try sketching it out!

Meanwhile, if you don't like the architects' ideas in that document (or if you like them), please put your thoughts in writing so they make a difference. You can do that at www.ourtownajo.wordpress.com or at the Ajo Library.

Alarming change

Editor:

A few weeks ago I viewed a picture in the Copper News about the proposed changes that ISDA wanted to do to the Plaza, and the area surrounding it... After thinking about it and getting more alarmed I went to the Salazar Library downtown to see a clearer picture of this proposal. What I viewed made me so angry I could not comprehend what was written for the descriptions of the various pictures. Just because you have the power to change the Plaza is it right to do so? You came here as visitors, fell in love with Ajo, and am now working to change it. Why? I don't get it. Your changes are not going to make it better because it is perfect just as it is. Ajo is known for its Plaza, the two white churches and the road leading to the Curley School. Anytime you mention Ajo to someone who has visited here the first comment is about our beautiful Plaza. Isn't the Plaza and surrounding area a declared historical site? Doesn't that mean it cannot be changed? After your \$100,000 grant runs out, and the project is half done then what? ISDA you have declared today as a Day of Peace, why are you trying to bring such sadness and anger to people who really deeply appreciate the beauty that is already here. Please leave our Plaza alone!

If you are reading this go to the library and see for yourself. The deadline for making your thoughts known is Thursday September 27th, less than a week away. One person can make a difference. Think of yourself as a drop of rain. One drop can join other drops and make a flood, or you can choose to do nothing, fall to the ground and evaporate. Flood ISDA with your thoughts and feelings. The e-mail address for ISDA is ajo.our.town@gmail.com. If you want to view the proposal go to <http://ourtownajo.wordpress.com/> Their telephone number is (520) 387-6823.

Lady Raiders are on a roll

By Robert Sorrels

Lady Raider volleyball: 8-0 in district after sweeping two opponents.

Ajo 3, Immaculate Heart 0

On September 18, Immaculate Heart was competitive in the 1st set with decent service and a number of nice rallies. Ajo, however, had 9 kills led by Lindsey Leon's 3. Coupled with a pair of Lady Raider service aces it was still a close set ending 25-17. In the 2nd, with Cinnamon Robles' 2 aces and a kill, Ajo stormed past the Knights 25-12. Audrey Gilmartin and Leboria Lopez also added key kills.

Up 2-0 going into the 3rd, the Lady Raiders coasted to a 25-14 win. Immaculate Heart continued to have problems with powerful service by Robles and Mariah Gilmartin giving up several aces. Marissa Harris had delightfully deft play at the net.

Ajo 3, Gila Bend 0

The Lady Raiders stormed by the Monsters in the 1st set 25-7 on September 20. Keyed up by the largest crowd of the season, Ajo opened with its finest play this year. Raider service and defense was so dominate that the Monsters only scored 3 points with their offense. Mariah Gilmartin and Harris led the team with 2 aces each.

Gila Bend fought back in the 2nd, but good service and great play at the net gave Ajo a 25-16 victory. Harris had 3 kills, Audrey 2.

Early in the 3rd, Gila Bend led 7-4 as Ajo - as it often does - started slowly. Harris got them on track with a 7-point service run, but momentum sputtered when the Lady Raiders faulted 3 straight. At a 17-15, Coach Mancilla substituted Erika Salcido and Hannah Lynn. Clinging to a 20-19 lead, Salcido went on a 4-point service spree to set, match

point where Ajo again stalled. Gila Bend closed to 20-24 but the Raider defense held and Lopez finished the Monsters off with a powerful serve. Lynn and Mariah Gilmartin had the only kills.

If the Lady Raiders consistently play the way they did in the 1st set, they have a chance at state. Three things nag them: easing up when leading, lack of a "killer" instinct, and a low kill success rate. Still, the powerful, creative, and passionate play of that set holds great promise.

RAIDER OF THE WEEK

by Robert Sorrels

Lindsey Leon was chosen for her play during the recent 3 game road trip. A senior, she plays volleyball, basketball, and softball. An honor student, president of the student council, on the Governor's Youth Commission, she also sings in her church choir, and enjoys Mexican dance.

"I play because competition is so much fun. I like to challenge myself. Also, it's great being with the girls."

Her favorite plays of the last week were "the crazy saves where you don't think you'll make it but somehow do."

Lindsey plans to attend Northwestern University to major in chemistry and then join the Air Force as a pilot. "I can't see any reason why I can't fly a jet. I really think women have a lot of power."

Lindsey's proud of the fact that she doesn't do Facebook or Twitter though she does love country music. "Driving over for a game, I play it *real* loud and get into the words. I don't worry about the game."

Her parents are Jeanne & James Leon.

Abiam Campa made a key 1st down catch during the Red Raiders second TD drive in the game against Salome on Friday, September 21. Photo by Robert Sorrels

A long night for the Raiders

By Robert Sorrels
Salome 48, Ajo 12

The Salome “Fighting Frogs” showed how to play 8-man ball Friday night: a strong line, an option quarterback who can throw, and a fast running back. The Frog defense was good, but their offense is why they are ranked 10th.

Ajo started with several injured players. Both Abiam Campa and Jake Lopez were slowed and Billy Glass, after a 2 game absence, was rusty. Worse, Tony Garcia suffered an ankle injury.

Salome returned the opening kickoff 85 yards for a TD. The Raiders bobbled the return kickoff and started deep in their own territory. Three and out followed by a short punt left Salome in Raider territory. Two plays later, the Frog back turned the corner and outran everyone. Using essentially the same play he would end up with 5 TDs.

Ajo fought back with Glass and Manny George alternating at quarterback. They put the ball up with both Felix Corona and Campa making spectacular catches. A few first downs, aided by a face-mask call moved the Raiders to the Frog 8. Corona slammed thru the middle, broke 2 tackles, and carried a man into the end zone.

Salome struck back with a good return and a perfect long

pass to an open end for another quick TD. Ajo struggled through a few offensive sets and turned the ball over on downs. Salome faked another pass and sent its swift back outside as he again went all the way.

Ajo then engineered its best drive of the night with running by Corona and excellent receptions by Glass and Corona. Down to the Frog 10, Campa broke to the right, shed a couple of tacklers and went in for the Raider’s second TD. Salome led at the half, 36-12.

In the second, the Raiders put together a good drive advancing inside the Frog 20 with sharp rushing and a couple of nice pass plays including a key 4th down Corona catch. Two personal fouls pushed the Raiders back. The desperation 4th down toss was intercepted. Salome went the length of the field for a 42-12 lead.

Salome played its reserves and still scored. Coach English put in the JV and they created a lively drive as time ran short. After Ajo collected several 1st downs. Robert Macias delivered a brilliant 40-yard dash down the left field line only to be tackled at the goal where he fumbled into the end zone. Salome took over and ran out the clock. Final score, 48-12.

Meeting notices are welcome

Local organizations are welcome to submit meeting notices for publication in the Ajo Copper News.

“Some people think we require groups to buy an ad. Basically, we don’t require an ad unless something is being sold or an admission fee is being charged. A short paragraph saying when you are meeting is considered news and there is no charge for that,” said editor Gabrielle David.

Turn in meeting notices at the newspaper office at 10 Pajaro or e-mail the information to cunews@cunews.info, being sure to include the organization name, when and where the meeting is, what is on the agenda, whether it is open to the public or for members only, and give a contact name & number in case the newspaper staff needs to get more information.

Two from Ajo attended BSF

Sylvia Tatman-Burruss of ISDA and Peter Altshul of Ajo CSA recently attended the Border Food Summit, held by the Southwest Marketing Network in Nogales. It was founded in 2002 to increase regional marketing expertise and opportunities for small-scale, alternative and minority farmers and ranchers in the Four Corners states.

The conference featured three separate tours: Tucson’s Local Food System, Traditional Foods of the Sonoran Desert, and Rural Farms and Ranches in the Borderlands.

The food for the conference was provided by local organic farms in Arizona and New Mexico, and was noticeably different from the usual fare provided at such events, according to Altshul. Another feature of the conference was “pitch to your peers”, where local food producers presented their operations and sought investments for their expansion plans.

“This tended to make mealtime conversation difficult, but we did learn a lot about the local farming scene!” said Altshul.

Altshul noted that the conference was full of valuable insights into the challenges facing small growers, in particular the education needed to teach people about the importance of locally grown food and supporting small producers. Altshul is a co-founder and co-director of the Ajo Center for Sustainable Agriculture (Ajo CSA). For more information visit ajocsa.com online.

International Day of Peace in Ajo, September 21, 2012

Charlie Tapp of Ajo Improvement Company, former GED program director Morgana Wallace Cooper, Cathy Hutton of Ajo Transportation, Liz Yon of the International Sonoran Desert Alliance, Susan Guinn-Lahm of Desert Senita Community Health Center, and Lauren Carriere of Ajo Unified School District have been meeting regularly for the past 7 months as a local GED Advisory Council. AUSD principal Brian MacKenzie serves as an alternate with Carriere. One goal of the group is to improve the quality of GED education in Ajo. Jewel Clearwater photo

GED advisory group offers expertise and hope to students

“The purpose of the GED Advisory Council is to provide the linkage between what the community aspires to have happen through the GED Program, the work that is being done to achieve those aspirations, and the way that work is done,” said Morgana Wallace Cooper, former Las Artes GED instructor.

Council members meet monthly to discuss issues such as improving the quality of GED education by specifically focusing on curriculum and work readiness, strengthening the relationship between the school and the community, creating transparency, and improving student motivation. Members voluntarily serve as informed advisors of the GED staff, contributing their experience and thinking to the current and future work of the GED program and serving as liaisons to the community.

While GED classes are in session, students are expected to attend an advisory council meeting and provide their perspective as a participant and youth representative. Evening adult learners are encouraged to attend as well.

“We would especially love to hear from the parents and guardians of our GED students and welcome their input and involvement,” said Cooper. “This council has been essential in making improvements in the GED program and in helping to create an easy and thoughtful transition to new leadership. Their commitment to this council shows how much they care about the future of our youth and of our community. It is a pleasure to meet with them and share our passion for offering quality education and opportuni-

ties for success.”

Cathy Hutton has extended her initial commitment by offering an Ajo Transportation scholarship to GED graduates. To date she has given three GED students free rides to Phoenix to take their GED test, and they have all passed, noted Cooper. A 2008 GED graduate is taking advantage of the transportation scholarship to attend weekly classes at Estrella Mountain Community College where he is pursuing a degree.

Chip-sealing continues on State Route 85

A pavement improvement project on approximately a 15-mile segment of State Route 85 from Ajo to a few miles south of Why is continuing.

Work is scheduled primarily for Mondays through Thursdays from 6 a.m. until 6 p.m.

Crews will begin at the north end of the project and work in segments of approximately two miles at a time. Traffic will share a single open lane during the work. ADOT crews will direct alternating traffic with a pilot car through the work area. Speed limits will be reduced in the project area. Brief delays are expected.

When the chip sealing work is complete in mid-October, permanent striping and pavement markers will be applied to the roadway. ADOT says the project is scheduled to be completed by late October.

ADOT advises drivers to proceed through the work zone with caution, slow down, and be alert for construction equipment and personnel. They also warned that weather and other factors may alter planned work schedules.

To stay up-to-date with the latest highway conditions around the state, visit the ADOT Traveler Information Center at www.az511.gov or call 5-1-1.

Sheriff’s Log, how it works

The Sheriff’s Log is a regular feature in the *Ajo Copper News*. prepared from data, all public records, provided to the newspaper by the Pima County Sheriff’s Department. It lists local calls ranging from welfare checks to felony arrests.

The newspaper does very little editing of the log and, does not withhold names on request.

Names of minors under the age of 18 are normally left out unless their charges are exceptionally serious ones.

Readers are reminded that arrests are not convictions and that those arrested are still considered innocent until convicted in a court of law. People found innocent, who bring copies of their court paperwork to the newspaper office, may ask to have that information printed.

Just misunderstood

Scorpions are among the world’s most misunderstood and feared creatures. Human fear of scorpions is mainly derived from that fact that scorpions have the ability to inject toxic venom. Scorpions are, however, not as dangerous as many people believe. Out of the 1,500 scorpion species found around the world, only around 25 species are equipped with a venom that is powerful enough to be lethal to humans.

CBP rescues one, seizes ton of dope

Local US Customs & Border Protection personnel were reportedly involved in two significant incidents recently.

During the weekend of September 15 and 16, Border Patrol agents assigned to the Ajo Station responded to detection technology that alerted near State Route 86 west of Why. Agents discovered an abandoned vehicle containing 2,085 pounds of marijuana, which has an estimated street value of just over a million dollars.

On Friday, September 21, a 27-year-old male Mexican national was rescued in the Baboquivari Mountains by Tucson Sector Border Patrol agents along with a helicopter from Tucson’s Office of Air & Marine. Agents reported hearing a man calling for help after midnight in Coyote Canyon northwest of Sasabe. Filiberto Martinez-Pita was found to be suffering from dehydration, and complained of pain in his kidneys. Agents used a litter to carry the subject out of the canyon to a landing zone where an OAM Blackhawk crew transported him to a hospital.

Between October 1 of last year and September 1 of this year, USBP agents in Arizona rescued 567 individuals, and documented 165 deaths.

Security towers get go-ahead

The construction of up to 20 new remote video surveillance system towers in the US Border Patrol’s Tucson and Yuma Sectors moved another step closer to reality with the recent completion of a final environmental assessment and a Finding of No Significant Impact for the proposed action.

Documents for the final assessment and FONSI are available at the Salazar-Ajo Public Library, or on the US Customs & Border Protection’s web page at www.cbp.gov/xp/cgov/border_security/otia/sbi_news/sbi_enviro_docs/nepa/ online.

The proposed construction of towers, according to CBP, will provide long-term surveillance in the areas of responsibility for the Yuma, Ajo, Nogales, Naco, and Douglas stations. The proposal includes the construction of two access roads of about 72 feet and the improvement of 14 approach roads of about 19.2 miles.

Resource plans posted for SDNM and other lands

Resource management plans and records of decision have been released and posted online for the Sonoran Desert National Monument and for other public lands within the BLM’s lower Sonoran field office.

The documents are the final decisions on management of BLM lands stretching from Phoenix in the north to the international border with Mexico, and from the Yuma County line in the west to nearly Tucson. The documents are available at www.blm.gov/az online, or by calling 623-580-5500.
